

ERRATA

MATHEMATICS FOR THE INTERNATIONAL STUDENT MATHEMATICS SL EXAM PREPARATION & PRACTICE GUIDE third edition

Third edition - 2016 third reprint

The following erratum was made on 19/May/2017

page 54 SOLUTIONS TO TOPIC 2 - CALCULATORS question **12**, should read:

12 a $f(0) = \frac{1}{e} + 1$, so the y -intercept is $\frac{1}{e} + 1$.

Since $e^{x-1} + 1 \neq 0$ for all $x \in \mathbb{R}$, there are no x -intercepts.
